Biden White House Signs on to New Gates–Funded Pandemic Surveillance Plan

The Biden White House on Tuesday announced a new 50-country partnership to "combat future pandemics" and a new Pandemic Fund, financed so far by 27 contributors, including some associated with the Bill & Melinda Gates Foundation, journalist Kim Iversen reported.

The Biden White House on Tuesday announced a new 50-country partnership to "combat future pandemics" by identifying and responding to infectious disease outbreaks, journalist Kim Iversen reported on a recent episode of "The Kim Iversen Show."

The administration released a 64-page document detailing the program, which it said aims to strengthen "global health security" and "prevent, detect and effectively respond to biological threats wherever they emerge."

"We know exactly what that means," Iversen said. "They're going to be hunting down Disease X, which is what the [World Economic Forum] called it during their Davos meeting, where they're like, 'We've got to be prepared for Disease X, because Disease X is going to get us all.'"

The Biden administration said it already supports 50 countries and has committed to support 50 more, primarily in Africa and Asia, to develop better testing, surveillance, communication and preparedness to "prevent pandemics" like the COVID-19 outbreak.

"You thought the pandemic health treaty, which gives away our sovereignty, was scary?" she asked, referring to the World Health Organization's (WHO) proposed pandemic agreement, which is up for a vote by member states next month. "Well, this is almost as bad."

Several U.S. government agencies — including U.S. Agency for International Development, the U.S. Department of Defense, the Centers for Disease Control and Prevention and the U.S. Department of Homeland Security — will implement the program.

Iversen read from the White House strategy document:

> "The COVID-19 pandemic had — and continues to have — a profound impact on our Nation and the world. More than one million Americans have lost their lives and nearly seven million Americans have been hospitalized, leaving families grieving and communities forever changed.
>
> "We experienced the worst economic crisis since the Great Depression as weaknesses in our supply chains were exposed, small businesses struggled to stay afloat, and 20 million Americans lost their jobs.
>
> "And we saw how this global health challenge caused local consequences for our hospitals, our schools, and our communities. No sector of the economy or society was immune.
>
> "That is why, since day one, I have been committed to ensuring that our Nation is prepared for a future pandemic and all biological threats, including strengthening and investing in global health security."

Iversen noted that the government response to the COVID-19 virus — "not the actual virus" — was responsible for the challenges President Joe Biden referenced. This new program, she said, would make it possible for the government to cause that kind of chaos again.

ORDER NOW

Government's new Pandemic Fund — brought to you by Bill Gates?

As part of Tuesday's announcement, Biden also said he created a Pandemic Fund with bipartisan support "that has already catalyzed $2 billion in financing from 27 contributors, including countries, foundations, and philanthropies, to build stronger global health security capabilities."

"Who are these contributors?" Iversen asked, "Do you want to guess the Bill Gates Foundation is a big one?"

According to the Pandemic Fund website, funds are channeled through 13 governmental and nongovernmental organizations, including Gates-funded organizations like the WHO, the Coalition for Epidemic Preparedness Innovations (CEPI); Gavi, the Vaccine Alliance; and The Global Fund to Fight AIDS, Tuberculosis and Malaria.

The Bill & Melinda Gates Foundation also funds similar projects through other partnerships. For example, Gates and the U.S. Department of Defense's Defense Advanced Research Projects Agency, or DARPA, funded the launch of the Sentinel system.

Sentinel is a proprietary "early warning system" — powered by CRISPR gene-editing technology — meant to detect deadly pathogens in Africa before they spread.

Organizations like the Gates Foundation, Iversen said, have their own agendas that they can advance through such partnerships. Gates, she said, "wants to see vaccines for everybody and surveillance for diseases in order to enact vaccines for everybody."

By offering major funding to poor countries, Iversen said, groups like the Gates Foundation buy the ability to manipulate or control policy. That kind of power, she said, was key to imposing vaccine mandates and vaccine passports across the world.

She cited recent reporting by investigative journalist Paul D. Thacker, who reported that a WHO official testified that the Finnish government was well aware that COVID-19 vaccines didn't stop transmission when the country mandated vaccine passports.

Dr. Hanna Nohynek, chair of the WHO's Strategic Group of Experts on Immunization, said she advised the government the passports would not be effective and were not needed.

"They knew it was an absolute scam, but they did it anyway," Iversen said. "It wasn't because they really worried about our health. It wasn't because they really were worried about the spread."

This new global health security partnership the administration has signed on to also has nothing to do with protecting public health, Iversen said.

"We all know that this is about coming up with a way to surveil people, to get people on passports, on some sort of surveillance system and it is absolutely frightening."

We're a sovereign nation and do not have to comply to the global elite who want to rule us. This is terrible! The best we as individuals do is to refuse to comply with any further "plandemic" rules! Remember, you cannot comply your way out of tyranny!! See the video of Christine Anderson, German MEP, at a recent EU parliament meeting! She tells it like it is! None of this is about "health and safety" -- it's ALL about power and control!

Not at all. He captured the illegitimate Biden and his phony progressive regime that stole the 2020 election. What has been stolen, must be returned! We know who Bill Gates is and many more are finding out. The people of the United States will vomit him out of our system. Gates And his New World order cronies will try one more (Man-made) Pandemic. We will fight back. It will Be challenging and a little messy, but they will not have their way. And don't forget, our great God who has so wonderfully blessed this country from our founding will not forsake us. We may go through a very rough time, but he will forgive our sins and we will regain our freedoms. I would not want to be in Bill Gates shoes at that time

But the ?? pandemic ?? disease X is already there to be released, when the time is right.
First, we have to fall asleep again and the vax is already made.
It is very simple.
Make the virus AND a vaxxine and the world will ??? SURVIVE ???
I am wondering WHEN the CCP will jump into the wagon.
They want total world control. SO does the Islam= full out war.

Gates Foundation has tentacles throughout the globe, and they are powerful levers. He can buy anyone he wants to get his way. And it is working. We are moving toward a one world regulatory body and Gates is supplying the fuel. The momentum is huge, and our efforts are not strong enough so far to stop it.

Bill Gates deserves the absolute most severe punishment that can be levied upon this psychopathic, insane, megalomaniac lunatic from hell.

He truly belongs in an institution for the criminally insane, along with a few others from the WEF/WHO/UN, the axis of pure evil.

Gates is just one man like Hitler was. Biden and all the rest of the evil psychopaths who are working on behalf of the most demonic spirit on the planet will be reckoned with by our G-d but we must all find Moses within ourselves and rise up against this. Don't be afraid to speak truth because anything less than that is the devil's work.

There isn't a minute in my day anymore that feels good and free. I'm always hearing about yet another disaster, another injustice, another murder, another case of child neglect and abuse, another insane woke and lewd ideology permeating every facet of humanity, another draconian rule or law affecting business owners, more homelessness, more loss of privately owned land, loss of jobs, unbearable inflation, more mass surveillance being used against American citizens, more money being spent on illegal immigrants than helping our own hard working, teachers being physically assaulted in elementary schools, incompetence and lack of ethics in every profession and trade across the country, etc... I've never witnessed a more dire time in this country. I feel like it makes 08 pale in comparison. We've got to find others in our communities to work together to protect our rights and our freedom and most of all, to support each other when we are struggling to survive.

Biden seems to be doing two things in this article , announcing a
U .S. GOVERNMENT GLOBAL HEALTH SECURITY STRATEGY (GHSS) 2024, and a international Pandemic Fund.

"The United States, together with its international partners, will enhance the prevention, detection, preparation for and response to infectious disease threats, whether naturally occurring, accidental, or deliberate in origin, across sectors at home and abroad in order for our collective efforts to be more efficient, effective, sustainable, and equitable."

Is this plandemic preparation overkill, by the fact that we currently support the following programs?

Department of Defense

(a) U.S. Department of Defense's Biological Threat Reduction Program --- 'counter the threat of outbreaks (deliberate, accidental, or natural) of the world's most dangerous infectious diseases' -- https://ua.usembassy.gov/em...

(b) The Biomedical Advanced Research and Development Authority (BARDA),

Do you mean the trump who was against the bio-weapon jabs before he was all for them? The trump who initiated Operation Warp Speed? The trump who signed an executive order allowing anyone and everyone to experiment with crispr gene modification/alteration, completely WITHOUT guidance or limitations? Trump is perfectly okay with turning the nation and the whole planet into an Island of Dr. Moreau.

I agree. The one thing that concerns me the most about Trump is his lack of scientific education and knowledge. He doesn't have enough to choose the right person for his staff UNLESS he chooses someone like Ramaswamy. He also has no respect for farmers/farming and any knowledge of conservation and regenerative farming. Andrew Bridgend in the UK gave a speech to the house in Parliament and he's the only scientist out of them all and he commented on how we need more scientists in our legislature. He has been raising hell about the excessive deaths and rising cancers.

I certainly understand why some people want Trump as president but they are dismissing the most critical issues of our time that will affect humanity for eternity and I'm not talking about the global warming hoax.

Beatrice, With all due respect, it has been my mission for a dozen years already to expose the 75 years of military geoengineering (now engaged in by nearly all governments) that absolutely is raising havoc with temperatures, weather, climate and massive so-called "natural"deadly destructive Earth events, including earthquakes.

Earth's atmosphere is a closed system, and heat doesn't just escape into space. Did you ever stand by an idling bus. . . . .or a blast furnace? It has been determined that the Earth is heating up at the rate of 7 Hiroshima bombs per second! Cold and ice and snow nucleation cause people to think global heating is a hoax, but it is deadly serious. Having lived in the Arctic for the last 42 years it is abundantly clear that the polar ice is melting, and the implications are huge, particularly surrounding the thawing of methane hydrates and clathrates.

In homage of Earth Day, would you care to scroll through the

Bella,
I've seen the Dimming.

Global warming or climate change is a cycle that can cause catastrophic consequences for all life on earth just like the ice age. As you point out, geoengineering plays a role in this as well as the destruction of CO2 sequestering soil and forest systems. The problem we face on earth has nothing to do with nature and all to do with self worship and greed. When developers and investors believe that they need another subdivision or golf course or our politicians vote for more 'green' simply because it enriches them, they never solve any problems and continue down the same path while we dummies expected positive results. There is a consequence for every one of their green technologies and it's never positive. They want us to believe they are doing great things while encouraging even more consumption of unnecessary and more expensive disposable junk that requires even more resources. We don't need anymore

I never had "Covid" and I was around many, many people who supposedly had it at the time. In fact, my mother in law had it several times and she lived with us. My husband and I hugged her and sat in the same room and owned freely around her. Neither one of us never got it!! And neither one of us ever had the vaccine. All of this is a huge plot to take us out. I have friends on their 40s & 50s dropping dead all around me. Prior to Covid, friends that died were either from suicide or drug overdoses. Any one who believes that the vaccines save lives are delusional!! There is power in numbers and there are many more of us than there are of these sick ,f*#@×s!!! We can't let them win,!!

Everyone I know who has gotten sick with some serious respiratory disease got the vaccine and boosters. Every time they got boosted, they got sicker.

I think it's best to stay away from vaccinated people because we don't know if they are shedding a more infectious and dangerous virus.

They wanted seniors and anyone about to retire (the 40-60 age) to get vaccinated because they know they will die before they will receive any SS or pension.

White House document: "The Covid pandemic had — and continues to have — a profound impact on our Nation
and the world. More than one million Americans have lost their lives and
nearly seven million Americans have been hospitalized, leaving families
grieving and communities forever changed."

Pure propaganda. Public health agency corruption had a profound impact on our nation. The public was gamed. High cycle count, often false positive Covid tests. A positive test was declared a Covid case. An actual Covid case is someone with Covid symptoms. People who were admitted to the hospital, became Covid patients, simply due to a positive test. This ginned up the numbers beyond actual Covid patients. As Gail Macrae and other whistle blowing nurses have stated, hospital protocols, created by the public health agencies caused 90% or more of the deaths. Families are grieving because of public health agency corruption, far more so than because of the virus.

“That is why, since day one, I have been committed to ensuring that our Nation is prepared for a future pandemic and all biological threats, including strengthening and investing in global health security.”

Apparently, the Covid virus was a product of Gain of Function technology, funded by the government. Creating threats doesn't protect us from them. On top of that, the gene therapy product that was created, to treat the threat, caused harm to a substantial number of people, including death. That is a lack of global health security.
What global heath security really boils down to is a global power grab for control over the public. It isn't really about our health.

Any government plan that has the word "surveillance" in it should be raising red flags all over the place. SURVEILLANCE leads to forced compliance. This Gates funded nonsense should be resisted at all costs. If legislators will not protect us, we must do it ourselves. Gates thinks he's a God of some kind. Millions of people must show him he's wrong. Come to give us a shot and it's likely you'll get a shot in return.
